

CERTIFICATE

OEKO-TEX® Zertifizierungsstelle GmbH
Kaiserstraße 39 60329 Frankfurt am Main

The company

AMANN GROUP

Amann & Söhne GmbH & Co. KG

Hauptstraße 1

74357 Bönningheim

is granted authorization according to Oeko-Tex® Standard 100 to use the Oeko-Tex® mark, based on our **test report 09.0.68980**

for the following articles:

ONYX and STRONGFIL, ONYX WR, STRONFIL WR, sewing thread made of 100% polyamide white and coloured; **SERABRAID**, braising yarn made of 100% polyester, white and coloured; **PA-bulky yarn SGD and GARMENT DYEING**, sewing thread made of 100% polyamide in raw white;

TRANSFIL, mono filament made of 100% Polyamide in raw white and smoke grey;

ISAMET, metallic core thread made of 45% polyamide core and 55% coloured;

META, metallic core thread made of 65% polyamide core and 35% coloured;

I-Tech, multifilament thread made of polyamide/polyester-inox, 80/20, raw white;

C-Tech, multifilamnete thread made of polyester/carbon, undyed;

N-TECH and NC-TECH, sewing thread made of 100% Meta-aramide in raw white and coloured;

K-TECH and KC-TECH, sewing thread, made of 100% Para-aramide, non dyed,

produced by using Oeko-Tex® certified materials.

The results of the inspection made according to Oeko-Tex® Standard 100, **product class II** have shown that the above mentioned goods meet the human-ecological requirements of the standard presently established for products with direct contact to skin.

The certified articles fulfil the requirements of the existing European legislation regarding the use of azo-dyes.

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the Oeko-Tex® mark only in conjunction with products that conform with the sample initially tested.

This authorisation is valid until 31.08.2010
